

New in Munich

Dear harpists, dear friends,

*in the last years the amount of masterclasses and also co petitions,
Festivals, Youth orchestras around the world increased immense!*

*It's becoming more and more difficult for young musicians to find
free time for concentrated work and practising under the control
of a Professor.*

*For this reason I decided to start this year a special training pro-
gram for harpists of all ages in Munich.*

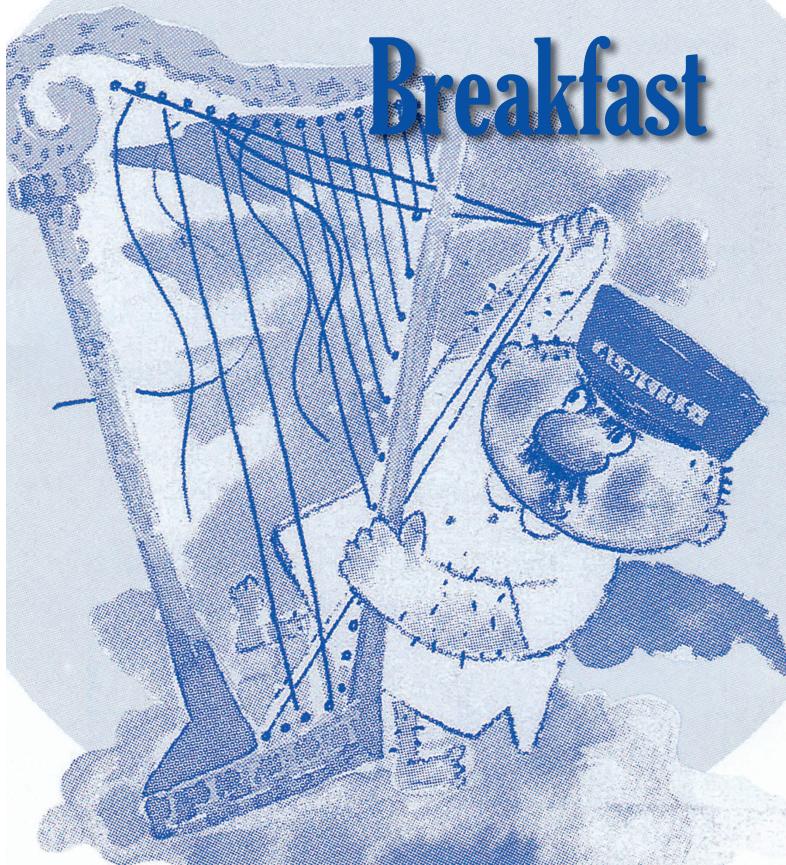

*During the residence, besides the private lessons with me, you will
be offered also a single room with harp, bathroom and breakfast
in my house.*

The period of staying and costs can be discussed.
